

## Vehicle Extended Service Contracts

---

Put the brakes on expensive car repairs. A factory warranty may not be enough. Plus most major repairs occur after the manufacturer's warranty expires. Consider adding an extended service contract to your loan. Coverage obtained through the Credit Union may save you money when compared to dealer plans.

### Available Features Include:

- Low deductibles
- Roadside assistance services
- Car rental
- Nationwide protection
- Convenient access to services via toll-free number
- Reimbursed travel expenses
- Increased vehicle resale value

### Why purchase an extended service contract?

Extended coverage can help you save money if your car ever needs to be repaired and your manufacturer's warranty has expired. In addition, it could help if you re-sell your vehicle. Pre-owned car buyers look more favorable upon a vehicle that comes with coverage. It represents a vehicle that has likely been well maintained by its owner. Should the buyer decline the option to purchase your coverage, you can cancel and apply for a pro-rata refund.
