Get Free Access to Cash

It's not always convenient to find a surcharge-free ATM – unless you're a member of USPS FCU. With our **Free Access to Cash** program, you can always access your accounts for free anytime, anywhere. Visit www.uspsfcu.org for all the details!

Claim Your \$100 Bonus*

To join USPS FCU, just stop by and open a savings account. Then, for a \$100 bonus, use our online Switch Kit (click on the key at www.uspsfcu.org) to quickly and easily switch to a USPS FCU checking account. Be sure to mail your Switch Kit cover letter to USPS FCU Attn: Marketing.

Why Choose A Credit Union?

Credit Unions are not-for-profit organizations. At a Credit Union, interest rates are typically lower for loans and credit cards, fees are fewer and smaller, yet rates are higher for savings accounts. Lower rates on loans and credit cards mean you pay less money. On the savings side, the higher the interest rate, the more money you earn on your account.

Better rates at a Credit Union mean you keep more money in your pocket – so make the switch to USPS FCU today!
