**Re: NOTICE OF ATM CARD CANCELLATION EFFECTIVE OCTOBER 22, 2018**

Dear Member,

The Credit Union is migrating to a different platform for its debit card processing. Effective October 22, 2018, your USPS FCU ATM card will be discontinued. In order to have continued access of your funds remotely, you need to replace your existing ATM card with a VISA Check Card before the deadline shown above. [Simply order a VISA Check Card](#) if you already have a checking account with the Credit Union. If you currently do not have a checking account and wish to obtain a VISA Check Card with the Credit Union, you may complete the form enclosed to [apply for a checking account and a VISA Check Card](#). In order to avoid interruption to access your funds, your action is required no later than **September 3, 2018** to allow for time to process your request. **If you currently have a checking account and a Visa Check Card, no further action is required.**

Please make sure that your address, phone number and other contact information is up-to-date on your account. During the card activation process, you can create your own Personal Identification Number (PIN).

If you do not want to open a USPS FCU Checking Account and need access to your funds, you may request a check or visit a shared branch location.

Our VISA Check Card has an embedded microchip that better protects your account from fraudulent or unauthorized transactions than your current ATM card, and is widely accepted at millions of merchant locations that accept VISA. You can also get cash at thousands of surcharge-free ATMs nationwide.

If you have any questions, please feel free to contact us at 800-877-7328 or by email at [uspsfcu@uspsfcu.org](mailto:uspsfcu@uspsfcu.org).

Sincerely

USPS FCU Management
